

British Admiralty Makes Plans To Cope With Shipping Losses

LONDON.—The Admiralty appointed a commander-in-chief of the warships approaching to Britain, and the commander of the "Battle of the Atlantic" after Prime Minister Churchill's announcement on Monday. The Admiralty is now sending Sir Arthur Bland, parliamentary secretary to the shipping minister, to the United States to work out details of a plan to cope with shipping losses during the war.

During the war, the Admiralty is expected to be in a position to cope with the first loss of the war, which is expected to be a British victory, which is expected to be a British victory, which is expected to be a British victory.

No Food Shortage

Appeal Made To Britons To Avoid Hoarding Heavy Load On Navy. London.—A. V. Alexander, first lord of the Admiralty, has appealed to Britons not to waste food "which the navy had to risk his life to bring us."

He said in a broadcast that merchant navy in the face of increasing danger have been "greatly hampered." He asked that farmers "help the Admiralty by ensuring that food of the country and effort that will be made in bringing home food which can be grown here at home."

U.S.S. THANKED BY CHURCH FOR THEIR ASSISTANCE

LONDON.—Prime Minister Churchill formally thanked the United States for the lead of the "Battle of the Atlantic," which he termed "a new Magna Carta." An inspiring act of faith.

The United States of America, Mr. Churchill solemnly read this statement. "The issue and lead to the battle of the Atlantic, which he received immediately the signature of the president."

"I am sure the house would want to express on their behalf and on behalf of the nation our deep and respectful appreciation of the prompt and generous and far-seeing action."

BOMB OUTRAGE

Another In R.C.A.P. Would Battle With Man Who Controls His Own Country.

Toronto.—W. W. Wood, 29-year-old Austrian member of the Royal Canadian Air Force, described a conspiracy to kill him with a bomb, which he said was "a very serious matter." He said that he had been informed a few hours after the German annexation of Austria of the plot.

Following their release from the prison camp the Lewis brothers, to England, then came to Canada. Prof. Lewis went to New York University, where he now is engaged in research work, while his son stays with Dr. Rost for a while before joining the R.C.A.P. He says he is looking forward to the time when he will be able to return to his country.

POLICY WOULD REDUCE ACREAGE DOWN TO WHEAT

Ottawa.—The federal government will announce an entirely different wheat production and marketing program, designed to remove 100,000 acres from wheat production.

Under this program farmers will be asked to plant more wheat and less corn, soybeans, and other crops. The government will also offer incentives to farmers to plant more wheat and less corn, soybeans, and other crops.

The government will also offer incentives to farmers to plant more wheat and less corn, soybeans, and other crops. The government will also offer incentives to farmers to plant more wheat and less corn, soybeans, and other crops.

in which often the ordinary commercial trade might be modelled on By-Scout lines and be named "leaders". However, human nature being what it is, the scheme for the "leader" work. Before long, everybody would be writing Mr. Power as to why they should not be leaders.

THIS IS MEANT FOR YOU!

The campaign for funds for Canadian War Services will get under way next week. A number of people will be canvassing and we bespeak a courteous and friendly reception for them, and a cheerful contribution. They are men and women responsible people imbued with a sense of responsibility to our fighting men. They are citizens trying to do their duty. Their approach should appreciate this.

This war is approaching a climax. Our Canadian boys are facing great and unknown perils. Surely it is not asking much that each one of us should contribute funds to keep going the war services that mean so much to our soldiers, sailors and airmen.

Don't grumble at being asked for a few dollars or a few pounds of wheat. After all, what have we since at home if we compare with what Canada's fighting men are doing and risking on the battle fronts of the world.

The slogan "We cannot let our boys down."

The truth is we dare not let them down. Surely we are made of better stuff than to turn back of failure.

You do your part and all will be well.

War contributions will be accepted by the Canadian War Services Fund. The Wheat Board will take delivery over farmer's quota, and the National Wheat Board will be registered in the farmer's permit book. In this way, farmers can help this worthy cause if they have the wheat to contribute. It is an easy way to help the boys, and an easy way to help the boys.
